

Hello parents of incoming first graders!

We are looking forward to having your child in first grade soon! To ensure that they have a good foundation for first grade, we are assigning lessons to complete on IXL.com We will assume that students are comfortable with these skills when they enter first grade in August.

~~~~~

To log in, first go to [www.ixl.com](http://www.ixl.com)

Student usernames are 28, first initial, last name @holynamemi  
(For example: Susie Rogers would be 28srogers@holynamemi)

Student passwords are 123123

Then click on "Learning" in the green bar at the top.

Click "Kindergarten". Make sure "Math" or "Language Arts" is selected from the top bar, depending on which skill you are practicing.

A list of skills will appear.

Incoming first grade students must complete the skills attached to this page.  
**Please fill out the list of skills as your child works throughout the summer, and return it with this signed letter on the first day of school.**

Students need to keep working on a skill until they reach a "smart score" of 100.  
(A screen will pop up saying that they mastered the skill and they earned a gold medal.)

~~~~~

Thank you for your cooperation, and for supporting your child's learning at home!
We're looking forward to a great year!

-Mrs. Arini and Mrs. Korenek

****My child, _____, has completed the required math and reading requirements for the summer (described above).*
